

Pearland, Texas, USA

PLANT CAPABILITIES SHEET

FEATURES AND BENEFITS

Bredero Shaw's Pearland, Texas facility has been providing pipe coating solutions to the onshore and offshore industries for over 30 years. This extensive track record of providing clients with high quality products and services gives customers the confidence that projects will be executed on time and within budget.

This facility offers a broad range of products and services for both the onshore and offshore markets which provides customers with a one stop center to efficiently manage and deliver multiple pipe coating project requirements. The facility utilizes the latest manufacturing technology and practices which results in highly efficient and flexible process lead times for orders.

The Pearland facility is located near the Houston/Galveston ports and pipe can be efficiently received and loaded out for all project requirements. With over 100 acres of pipe storage available and direct rail access, the Pearland facility is ideal for stocking programs and providing logistics services to customers.

HEALTH & SAFETY

Bredero Shaw is committed to providing a safe and healthy workplace and ensuring that our business activities are conducted in a manner that protects the environment. It is our objective to achieve an Incident and Injury Free workplace, where everyone recognizes that by risking incident or injury, they are putting in jeopardy what they value and those they care for.

BREDERO SHAW: THE GLOBAL LEADER IN PIPE COATING SOLUTIONS

Bredero Shaw is the world leader in pipe coating solutions, with more than 75 years of experience, over 27 pipe coating facilities on 6 continents and the largest team of technical and service specialists in the business. Bredero Shaw offers technologically advanced solutions for anti-corrosion coatings, protective and weight coatings, thermal flow assurance coatings, internal coatings, custom coatings and field joints for both onshore and offshore applications. This broad range of products and services provides Bredero Shaw with the unique capability to service the full spectrum of pipeline protection and flow assurance requirements. Consult your Bredero Shaw representative for your unique project requirements.

The information contained herein is indicative of the types of coatings provided by Bredero Shaw, and is not intended to be a guarantee that a particular coating will be suitable for a given application. Since many unique environmental, operating, and design conditions must be considered, the user shall determine the suitability of the coating for the intended use and assume all the risks and liabilities in connection therewith. Bredero Shaw's liability is stated in our standard conditions of sale.
