

BREDERO SHAW

A SHAWCOR COMPANY

BREDERO SHAW ACQUIRES EQUITY INTEREST IN EUPEC BRASIL

Bredero Shaw continues to expand in South America with the acquisition of a 50% equity interest in Eupec Brasil Ltda. from Eupec PipeCoatings GmbH. This acquisition expands Bredero Shaw's participation in the Brazilian pipe coating market to include a complete range of anti-corrosion coatings and linings along with high performance flow assurance coatings to serve both the onshore and offshore segments. The new company, Bredero Shaw Revestimentos de Tubos, is located adjacent to the Vallourec and Mannesman seamless pipe mill in Belo Horizonte, Brazil.

Onshore and Offshore Pipe Coating Solutions

Bredero Shaw's pipe coating solutions in Brazil include:

3LPE

3LPE is a multilayer coating consisting of a layer of fusion bonded epoxy, a copolymer adhesive, and an outer layer of polyethylene which offers a tough, durable pipe coating solution.

3LPP

3LPP is a multilayer coating system consisting of a layer of fusion bonded epoxy, a co-polymer adhesive and an outer layer of polypropylene which offers the toughest, most durable pipe coating solution available.

FBE

FBE is a plant applied powder coating that was developed for oil and gas pipeline applications where superior coating bond, chemical resistance, soil stress, and cathodic disbondment protection is required.

Thermotite®

Thermotite® is a multi-layer polypropylene extruded subsea insulation system that can be designed and manufactured in a wide range of thicknesses and layers to meet specific performance and installation requirements in deepwater.

SureFlo® FEC

SureFlo® FEC is a two-part liquid epoxy paint system applied in a single coat used to improve the flow of natural gas in the pipeline.

Thermotite® Flow Assurance Field Joints

To provide continuous end-to-end pipeline coatings, equivalent grades of polypropylene can be used for the extrusion of line pipe coatings and injection molding of field joints.

Bredero Shaw is committed to providing a safe and healthy workplace that protects employees, clients, and the environment. The company will implement and promote an Injury and Incident Free (IIF) workplace in the new company along with a world class Health, Safety, and Environment management system.

the GLOBAL LEADER in pipe coating solutions.
